ACTION PLAN 2018-2022

20-YEAR STRATEGY FOR THE IRISH LANGUAGE 2010-2030

Published by the Department of Culture, Heritage and the Gaeltacht

www.chg.gov.ie

JUNE 2018

STATEMENT BY THE MINISTER OF STATE

As Government Chief-Whip and Minister of State for the Irish language, the Gaeltacht and the Islands, I am delighted to present the Action Plan 2018-2022 for the 20-Year Strategy for the Irish language 2010-2030. As we celebrate Bliain na Gaeilge, it is timely that the plan be published this year.

Given that the 20-Year Strategy for the Irish language 2010-2030 represents the State's policy for the Irish language, its ownership is cross-departmental and accordingly, the responsibility for its implementation falls on a number of Government Departments, Irish language and Gaeltacht bodies and organisations.

On foot of a public consultation process undertaken by my Department, it became clear that, for the sake of the Irish language and the Gaeltacht, a plan was needed to underpin the implementation thus far of the Strategy. This plan represents the culmination of that process, which included discussions for some time now on the part of my Department – in the context of its coordinating role in implementing the Strategy – with a wide range of Government Departments, bodies and relevant organisations.

This Action Plan provides an overview of progress to date since the publication of the Strategy in relation to the nine areas for action set out therein, namely: Education; The Gaeltacht; Family Transmission of the Language – Early Intervention; Administration, Services and Community; Media and Technology; Dictionaries; Legislation and Status; Economic Life; and Cross-Cutting Initiatives.

The focus is now, above all else, on the coming five years and accordingly, the measures to be implemented in the period to 2022 to further support the Irish language and the Gaeltacht in the overall context of the nine areas for action as set out in the plan.

The agreed measures as they relate to the nine areas of action lie, therefore, at the heart of the plan, which sets out in detail the steps to be taken in respect of each of the 180+ measures, the parties responsible for implementing them, in addition to a time frame for their implementation.

The plan also presents a revised approach regarding oversight in order to strengthen partnership and co-ownership, which represent core principals, vital to the overall success of the plan as a whole. Given that the implementation of these measures lies at the core of the plan, particular emphasis is placed on a transparent and accountable approach which will afford stakeholders both the challenge and the opportunity of being responsible for the implementation of the agreed measures and on reporting progress on an annual basis.

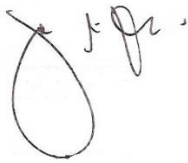

The plan recognises its implementation will happen in broader policy contexts, including, the National Development Plan 2018-2027; Realising our Rural Potential: The Action Plan for Rural Development; and the Creative Ireland Programme 2017-2022. Bearing all this in mind therefore, it is anticipated that further additional actions will also be

identified and implemented over the period of the plan, depending on emerging opportunities, capacity and resources over its 5-year cycle.

As is the case with the implementation of the language planning process, the Policy on Gaeltacht Education, and a wide range of schemes and projects being administered by stakeholders who play a central role in the implementation of the Strategy, the spirit of partnership is key to this whole process.

The greater the partnership and co-ownership approach is - on which this action plan is built - the more successful our collective efforts will be in support of the Irish language and the Gaeltacht.

I would like to take this opportunity to thank my Government colleagues in the Department of Children and Youth Affairs, the Department of Education and Skills, the Department of Finance and the Department of Public Expenditure and Reform in particular for their support in advancing this plan. I would also like to thank Údarás na Gaeltachta, Foras na Gaeilge and the Irish language and Gaeltacht organisations that operate under their stewardship and that of my Department for their ongoing work and commitment in support of the plan and, by extension, the Strategy.

Joe McHugh, T.D.,
*Government Chief Whip and Minister of State for
the Irish language, the Gaeltacht and the Islands.*

June 2018

EXECUTIVE SUMMARY

Since its publication in December 2010, the 20-Year Strategy for the Irish Language 2010–2030 has been the cornerstone of the Government's policy for the Irish language. In this context, in order to ensure support is given for the preservation and development of the Irish language as a community and family language in the Gaeltacht and indeed in general, outside of the Gaeltacht, the implementation of the Strategy is recognised as a key priority in the Programme for a Partnership Government, published in 2016.

The Strategy has as its key objectives:

- to increase the number of people who speak Irish on a daily basis outside the education system to 250,000;
- to increase by 25% the number of people who speak Irish daily in the Gaeltacht; and
- to increase the number of people who use State services through the medium of Irish and who can access television, radio and print media through the language.

The Strategy contains a range of recommendations that answer to the nine areas for action set out in it: Education; The Gaeltacht; Family Transmission of the Language - Early Intervention; Administration, Services and Community; Media and Technology; Dictionaries; Legislation and Status; Economic Life; and Cross-Cutting Initiatives.

The Department of Culture, Heritage and the Gaeltacht (DCHG) has the overall responsibility of coordinating the implementation of the Strategy.

Notwithstanding the challenges presented in advancing implementation of the Strategy with significantly curtailed resources in its early years, significant progress has been made to date in advancing its implementation. An overview of progress since the Strategy was published in relation to each of the nine areas of action is presented in the Plan.

In order to facilitate feedback regarding the implementation of the Strategy and to identify key priorities, DCHG conducted an Open Policy Debate under the *Civil Service Renewal Plan* in December 2015. As part of that process, a series of public meetings was convened, in addition to written submissions being sought from both the public and key stakeholders alike. Acadamh na hOllscolaíochta Gaeilge NUIG, were engaged by the Department to prepare a report summarising the key conclusions of the consultation process and identifying key strategic priorities.

More recently DCHG has engaged in detailed discussions with a wide range of key stakeholders, including the Department of Education and Skills (DES); the Department of Children and Youth Affairs (DCYA); the Department of Public Expenditure and Reform (DPER); Údarás na Gaeltachta and Foras na Gaeilge in order to advance a number of key objectives and actions for implementation over 5 years in support of the Strategy and the language.

The Action Plan 2018-2022 represents the culmination of this process of engagement, consultation and agreement. It sets out a suite of agreed actions to be implemented over the period 2018 to 2022 in support of the accelerated implementation of the 20-Year

Strategy. The Plan also outlines a revised approach to monitoring progress in order to provide for greater accountability.

The main objective of this Action Plan is to identify specific strategic priorities for the coming five years in regards to promoting the Irish language and achieving the specific goals of the Strategy. Some of the main aims and targets of the Action Plan are:

- providing a more cohesive and coherent framework in support of the Strategy's implementation which focuses on time-specific actions to be implemented over the next five years to 2022;
- fostering more efficient and effective engagement with the overall objectives of Government in relation to the Irish language in the context of the 20-Year Strategy, at Departmental, NGO and community level;
- further developing co-ownership, co-responsibility and accountability across Government and at agency and NGO-level in relation to the Strategy and the actions set out in the Action Plan; and
- advancing greater understanding and tie-in between relevant agencies' and organisations' work plans and the Action Plan and, by extension, the overarching objectives of the 20-Year Strategy.

The Action Plan 2018-2022 aligns with the overall objectives of the Strategy and so, by extension, with relevant Government policies and programmes, including the National Development Framework and the National Development Plan 2018-2027, published under Project Ireland 2040, together with Realising our Rural Potential - The Action Plan for Rural Development and the Creative Ireland Programme.

Key Objectives

The following key objectives will be delivered through the framework of supports and actions set out in the Action Plan for the Irish language:

Area for Action 1: Education

- Continue to advance the implementation of the Policy on Gaeltacht Education 2017–2022, which sets out a vision for Gaeltacht Education that recognises the role of schools and early years setting in providing quality education through Irish and in encouraging fluency and use of the Irish language in the greater Gaeltacht community.
- Develop the area of provision for Irish-medium education at primary and post-primary level.
- Develop the area of Teacher Education, including models of Continuing Professional Development (CPD) that focus on a communicative approach as a means of addressing concerns in relation to language competency and pedagogy.
- Further develop aspects of the Curriculum including a review of the programme for learning Irish at senior cycle and the commitment for research in the area of partial immersion education for the trial usage of a model in some English-medium schools.
- Provision of better access to Irish language and cultural learning experiences abroad, for example partnership with the Fulbright Commission, Ireland Canada University Foundation (ICUF), and Culture Ireland in relation to the Global Footprint Initiative.

Area for Action 2: The Gaeltacht

Continue to advance the implementation of the language planning process through the provision of funding and advice, in addition to technical and practical support.

This will be done to ensure:

- that plans are being implemented in all 26 Language Planning Areas by the end of 2020
- that, within that same period, plans are being implemented or prepared in all of the 16 towns that are recognised as Gaeltacht Service and that plans are being implemented in the 3 Irish language Networks recognised under the process.
- The Gaeltacht's language and community infrastructure will continue to be supported and invested in through a wide range of schemes, measures and initiatives (capital and current) currently administered by DCHG. These schemes include the Community and Language Supports Programme; Irish Learners Scheme; Language Assistants Scheme; and the Summer Camps Scheme.
- Implement a suite of measures at central level in further support of the language planning process in Gaeltacht regions in the realms of early years, the family, the traditional arts and youth.

Area for Action 3: Family Transmission of the Language – Early Intervention

- Provision of increased supports in relation to Irish language provision in the early years sector, including the appointment of two specialists within the Department of Children and Youth Affairs.
- Provision of further investment in the organisation, Comhar Naíonraí na Gaeltachta, to enable the organisation to better support early years provision in Gaeltacht areas through the medium of Irish.
- Increasing the maximum level of capital funding being provided under the Department's Community and Language Supports programme from 80% to 95% of the total eligible costs for early years projects in the Gaeltacht.
- Provision of further significant resources to the organisation, Tuismitheoirí na Gaeltachta, that will further support families in Gaeltacht areas who are raising their children through Irish or who wish to do so.

Area for Action 4: Administration, Services and Community

- Provision of enhanced public services to Gaeltacht areas and for Irish speakers through the enactment of the Official Languages (Amendment) Bill 2017; replace language schemes with a language standard; and increase the number of functional bilingual speakers recruited to the public service to 20%.
- Commission research to identify the priorities in relation to recruiting Irish language speakers and providing Irish language services. This research is to also investigate the most effective way to recruit Irish speakers. On foot of the research results, a Language Standard System is to be implemented, as set out in the Official Languages (Amendment) Bill 2017.

Area for Action 5: Media and Technology

- Implementation of the Digital Plan for the Irish Language which will allow greater

access to digital resources developed for the benefit of speakers and learners of Irish.

- Provision of a digital Irish language infrastructure for learning, information and cultural services.

Area for Action 6: Dictionaries

- Publication of a hard-copy version of the New English-Irish Dictionary and continuation with relevant planning in relation to lexicography, terminology and other resources.

Area for Action 7: Legislation and Status

- Enactment of the Official Languages (Amendment) Bill 2017 to ensure the Language Act remains an effective support to anyone wishing to access high-quality Irish language services from the State.
- Ending of the derogation on the use of Irish in the European Union (EU) by December 2021. In that context, work will continue with relevant EU institutions to actively support the status of the Irish language in the EU.

Area for Action 8: Economic Life

- Further enable Údarás na Gaeltachta in discharging its remit in relation to job retention and creation in Gaeltacht regions by providing an incrementally increased capital budget allocation to the organisation with the overall objective of facilitating the retention of 8,500 fulltime jobs in Gaeltacht companies by 2022.

Area for Action 9: Cross-Cutting Initiatives

- Development and implementation a cultural tourism campaign in the Gaeltacht aimed at former students of Irish-language colleges, individuals/families who wish to attend Irish language courses and parents visiting Irish language students.

Monitoring

In relation to monitoring the implementation and progress of the Action Plan 2018-2022:

- An Oversight Group will be established which will, in the first instance, oversee the implementation of individual actions in the Plan. The Group will include representatives from all Government Departments and all relevant stakeholders.
- The Advisory Committee that supports the implementation of the Strategy will be maintained, chaired by the Minister of State for the Irish language, the Gaeltacht and the Islands.
- Bilateral meetings will continue to be held with the relevant Departments and agencies on an ongoing basis to ensure progress is being made.
- Reports on the progress of the Plan will be submitted to Government and will be published annually.

Under this programme, cultural tourism centres will be developed in certain Gaeltacht areas in partnership with other stakeholders, including Fáilte Ireland and local stakeholders. The primary objective of this network of centres will be to present the rich and distinct culture of the Gaeltacht as a resource that will benefit the Gaeltacht and Irish language community as a whole.	DCHG ÚnaG	2018-2022
8.4	Current support will be given to 10 strategic cultural tourism projects through the Tourism Management Development Scheme.	ÚnaG	2018 onwards
8.5	A campaign, aimed at attracting Gaeltacht and Irish language diaspora to return home, will be organised, so that they can avail of employment, self-entrepreneurship and remote working opportunities, through the use of social media and the creation of a website focused on Gaeltacht and Irish language diaspora.	ÚnaG	2018-2019
8.6	A network (gTeic - Gaeltacht Digital Network) of 23 digital hubs will be developed in Gaeltacht areas, six of which will be located on Gaeltacht islands, for entrepreneurs and innovative companies and to support remote workers.	ÚnaG	2018-2020
8.7	The Gaeltacht Brand "Gaeltacht na hÉireann" will be promoted to give an enhanced recognition and profile to the Gaeltacht and to quality products and services available in Gaeltacht areas and to promote it as a distinct tourist destination.	DCHG ÚnaG	2018 onwards

Area for Action 8: Economic Life

No.	Action	Lead Org.	Timescale
8.8	Páirc na Mara in Connemara will be developed as a world-class low-carbon Marine Innovation Park.	ÚnaG	2018 onwards
8.9	Research on the seaweed sector in the Gaeltacht will continue, to designate value-added products and prepare a report accordingly, in order to maximise the use of this natural resource.	ÚnaG	2018-2022
8.10	A network will be established comprised of Chambers of Commerce, Gaeltacht businesses and other businesses operating through the Irish language in the various relevant areas (on a pilot basis).	ÚnaG	2019 onwards
ECONOMIC LIFE IN NON-GAELTACHT AREAS			
8.11	Foras na Gaeilge will continue to provide funding support in the field of community and economic development.	FnaG GnaG	2018-2022
8.12	Foras na Gaeilge will continue to support the 'Do Ghairm le Gaeilge' campaign in association with GradIreland.	FnaG GI	Ongoing
8.13	In the context of the unique selling point of the Irish language, as well as its potential benefit in other business affairs, the organisations Gaillimh le Gaeilge, Gnó Mhaigh Eo and Gael-Taca (Cork City) will continue to work with relevant stakeholders to promote the Irish language within their various function areas in the context of the language planning process.	DCHG FnaG	Ongoing
LABELLING & PACKAGING			
8.14	Foras na Gaeilge will continue to provide the support package it has developed to companies wishing to use bilingual packaging on their products.	FnaG	2019
SERVICE QUALITY			
8.15	The implementation of a new accreditation system under ISO Standard (9001: 2008), Q-Mharc Gnó le Gaeilge, aimed at the business sector to offer high quality services to clients/customers bilingually, will continue.	FnaG GnaG	2018-2021

TABLE OF ACTIONS - Area for Action 9: Cross-Cutting Initiatives

Area for Action 9: Cross-Cutting Initiatives			
No.	Action	Lead Org.	Timescale
PUBLICITY/AWARENESS			
9.1	Funding will be provided to implement the Bliain na Gaeilge 2018 events programme.	DCHG FnaG	2018
